

DSL MH2 - 12V

In accordance with EN13155 / max.
1000 kg load capacity

- up to 1000kg load capacity
- incl. extension

Technical data:

- 12 V battery operated
- dual circuit suction system
- mains operated
- incl. cable remote control
- motorised rotation 360°
- hydraulic tilting 90°
- dead weight 250 kg
- warning system
- voltage display
- vacuum tank
